

# First Class of CASP

**Please join NACAS in congratulating the first 47 auxiliary/ancillary professionals to be designated as Certified Auxiliary Services Professionals.**

Achieving this new hallmark of excellence in the industry is a groundbreaking step for these CASP designees. Along with meeting eligibility requirements in work and education, each passed a comprehensive exam assessing their knowledge in content areas necessary to perform the functions normally accomplished by a Director of Auxiliary/Ancillary Services, according to the NACAS higher education work analysis, those content areas are:

- *Management*
- *Leadership*
- *Marketing, Communications and Business Relations*
- *Student Services*
- *Operational Areas: Food Services, Bookstores, Card Services, Commercial/Retail, Physical Facilities*

**WILL YOU JOIN THESE PIONEERS IN 2012?**

Our next exam will take place May 6, 2012, in Austin, Texas, in conjunction with the 2012 NACAS South Regional Conference. Or, if you cannot make it to Austin, there will be opportunities to take the exam at a remote testing center closer to your home campus.

**Take the next CASP exam in May 2012!  
Visit [nacas.org/certification](http://nacas.org/certification) for application, instructions and deadlines.**
